Contents of Volume 205, 1980

No. 1 issued on January 30, 1980

W.A. Ribi, G.J. Berg: Light and Electron Microscopic Structure of Golgi-stained Neurons in the Vertebrate Brain (New Rapid Golgi Procedure) 1

R.M. Buijs, P. Pévet: Vasopressin- and Oxytocin-Containing Fibres in the Pineal Gland and Subcommissural Organ of the Rat 11

L. Aloe, R. Levi-Montalcini: Enhanced Differentiation of Sexually Dimorphic Organs in L-Thyroxine Treated Tfm Mice 19

J.J. Nordmann, J.F. Morris: Depletion of Neurosecretory Granules and Membrane Retrieval in the Sinus Gland of the Crab 31

F. Vandesande, K. Dierickx: Immunocytochemical Localization of Somatostatin-Containing Neurons in the Brain of *Rana temporaria* 43

J.J. Trimble III, S.A. Thompson: Ultrastructural Observations on the Cell Surface of the Intestinal Epithelium of the Nematode, *Ascaris suum*. Nature of the Electronegative Charge 55

N.D. Holland: Electron Microscopic Study of the Cortical Reaction in Eggs of the Starfish (*Patiria miniata*) 67

L.Y.W. Bourguignon, R.J. Rozek: Capping of Concanavalin A Receptors and Their Association with Microfilaments in Monolayer Grown Human Fibroblastoid Cells 77

U. Schramm: Lymphoid Cells in the Harderian Gland of Birds. An Electron Microscopical Study 85

C. Marschall: Hypothalamic Monoamines in Lizards (*Lacerta*). A Histofluorescence Study 95

R. Wegelin, G. Sterba: Extrahypothalamic Peptidergic Neurosecretion. II. Neurosecretion in the Subfornical Organ of *Rana esculenta* L. 107

L. Jennes, D. Croix: Changes in the LHRH-Immunoreactivity of Hypothalamic Structures During Late Pregnancy and After Parturition in the Guinea Pig 121

L. Goniakowska-Witalińska: Scanning and Transmission Electron Microscopic Study of the Lung of the Newt, *Triturus alpestris* Laur. 133

H.J.G. Gundersen, T. Seefeldt, R. Østerby: Glomerular Epithelial Foot Processes in Normal Man and Rats. Distribution of True Width and Its Intra- and Inter-individual Variation 147

Short Communications

C.M. Feldherr: Ribosomal RNA Synthesis and Transport Following Disruption of the Nuclear Envelope 157

D. Drenckhahn, R. Steffens, U. Gröschel-Stewart: Immunocytochemical Localization of Myosin in the Brush Border Region of the Intestinal Epithelium 163

No. 2 issued on February 6, 1980

S.L. Brocco, R.A. Cloney: Reflector Cells in the Skin of *Octopus dofleini* 167

C. Klein, S. Van Noorden: Pancreatic Polypeptide (PP)- and Glucagon Cells in the Pancreatic Islet of *Xiphophorus helleri* H. (Teleostei). Correlative Immunohistochemistry and Electron Microscopy 187

V.C. Barber, C.J. Emerson: Scanning Electron Microscopic Observations on the Inner Ear of the Skate, *Raja ocellata* 199

U. Stenevi, A. Björklund, L.F. Kromer, C.M. Paden, J.L. Gerlach, B.S. McEwen, A.J. Silverman: Differentiation of Embryonic Hypothalamic Transplants Cultured on the Choroidal Pia in Brains of Adult Rats 217

A.D. Blest, S. Stowe, D.G. Price: The Sources of Acid Hydrolases for Photoreceptor Membrane Degradation in a Grapsid Crab 229

E. Rahamim, C. Sandri, K. Akert, M. Abraham: Bacilliform Inclusions in Cells of the Proximal Pars Distalis in the Pituitary of Four Species of *Tilapia* (Teleostei) 245

S. Seyama, G.S. Pearl, Y. Takei: Ultrastructural Study of the Human Neurohypophysis. I. Neurosecretory Axons and Their Dilatations in the Pars Nervosa 253

Y. Takei, S. Seyama, G.S. Pearl, G.T. Tindall: Ultrastructural Study of the Human Neurohypophysis. II. Cellular Elements of Neural Parenchyma, the Pituicytes 273

R. Riehl: The Occurrence of Spermatozoa in the Ovary of Nulliparous Females of *Heterandria formosa* Agassiz, 1853 (Pisces, Poeciliidae) 289

H. Hofer, W. Meinel, H. Erhardt: Electron Microscopic Study of the Origin and Formation of Reissner's Fiber in the Subcommissural Organ of *Cebus apella* (Primates, Platyrrhini) 295

J. Hernández-Yago, E. Knecht, A. Martínez-Ramón, S. Grisolía: Autophagy of Ferritin Incorporated into the Cytosol of Hela Cells by Liposomes 303

J.A. Firth, A. Farr, K. Bauman: The Role of Gap Junctions in Trophoblastic Cell Fusion in the Guinea-Pig Placenta 311

T.A. Aire, M.O. Olowo-okorun, J.S. Ayeni: The Seminiferous Epithelium in the Guinea Fowl (*Numida meleagris*) 319

Short Communication

B. Krisch, H. Leonhardt: An Intermittent Somatostatin-Immunoreactivity in the Cortex and Basal Ganglia of the Rat 327

U. Schlüter: Plasmalemma-Mitochondrial Complexes Involved in Water Transport in the Hindgut of a Milliped, *Scaphiostreptus* sp. 333

No. 3 issued on February 11, 1980

P. Alm, J. Alumets, R. Håkanson, Ch. Owman, N.-O. Sjöberg, F. Sundler, B. Walles: Origin and Distribution of VIP (Vasoactive Intestinal Polypeptide)-Nerves in the Genito-Urinary Tract 337

I. Lorén, P. Schwandt, J. Alumets, R. Håkanson, G. Neureuther, W. Richter, F. Sundler: Evidence that Lipolytic Peptide B Occurs in the ACTH/MSH-Cells of the Pituitary and in the Brain. An Immunocytochemical Study of Its Distribution in Correlation to the Distribution of Neurophysin 349

M.E. Matthiessen, P. Rømert: Ultrastructure of the Human Enamel Organ. I. External Enamel Epithelium, Stellate Reticulum, and Stratum Intermedium 361

M.E. Matthiessen, P. Rømert: Ultrastructure of the Human Enamel Organ. II. Internal Enamel Epithelium, Preameloblasts, and Secretory Ameloblasts 371

M. Reinecke, K. Almasan, R. Carraway, V. Helmstaedter, W.G. Forssmann: Distribution Patterns of Neurotensin-like Immunoreactive Cells in the Gastro-intestinal Tract of Higher Vertebrates 383

N. Schönenberger, J.A. Cox, G. Gabbiani: Evidence for Hemocyanin Formation in the Compound Eye of *Squilla mantis* (Crustacea, Stomatopoda) 397

P.E. Spoerri, P. Glees, W. Dresp: The Time Course of Synapse Formation of Mouse Neuroblastoma Cells in Monolayer Cultures 411

D.S. Williams, A.D. Blest: Extracellular Shedding of Photoreceptor Membrane in the Open Rhabdom of a Tipulid Fly 423

H.A.R. Fritsch, S. Van Noorden, A.G.E. Pearse: Calcitonin-like Immunochemical Staining in the Alimentary Tract of *Ciona intestinalis* L. 439

D.E. Bockman: Architecture of Normal Pancreas as Revealed by Retrograde Injection 445

B. Krisch: Electron Microscopic Immunocytochemical Investigation on the Postnatal Development of the Vasopressin System in the Rat 453

R.D. Yates, I-li Chen: An Electron Microscopic Study of the Baroreceptors in the Internal Carotid Artery of the Spontaneously Hypertensive Rat 473

E.-R. Krefting, R.H. Barckhaus, H.J. Höhling, P. Bond, R. Hosemann: Analysis of the Crystal Arrangement in Collagen Fibrils of Mineralizing Turkey Tibia Tendon 485

A.K. Bromley, J.A. Dunn, M. Anderson: Ultrastructure of the Antennal Sensilla of Aphids. II. Trichoid, Chordotonal and Campaniform Sensilla 493
